To the DOJ:

I am writing to you so that I may express my dissatisfaction with the Microsoft case so far. Despite being convicted as a monopolist and submitting remedies that were denied by the courts, Microsoft continues to dodge any attempt to truly sanction and penalize the company for their business practices. I strongly encourage the DOJ to make sure that Microsoft doesn't walk away with a mere slap on the wrist. Microsoft is a very powerful company that influences senators (e.g Senator Byrd from West Virginia stopped depositions during a congressional committee hearing so that only the Pro-Microsoft side could read their comments and be captured by the media. All of the remaining depositions were entered into the record, but never presented, nor heard live by the media. Let's show the world that Microsoft can't buy favor and influence in the DOJ!

Thank you for your attention,

Alexander Bruno
